

ZAHID

ANSARI

Designer | Front-end Web-Developer

I have a solid Foundation in front-end web development . Proficient in HTML , CSS , and Javascript , I have the ability to bring my design to life and ensure seamless functionality across different devices and browsers . By staying updated with industry trend and best practices , I can deliver modern and responsive websites that meet client's expectation .

INTRO

Hello , I am Zahid . My passion lies on design and front-end web development , and I am excited to kickstart my career in these field.

As a designer , I have a keen eye for aesthetics and a strong understanding of visual elements. I have acquired skills in various design tools , allowing me to create captivating and user-friendly designs skills in various designs that align with client's brand identities and goals . User experience (UX) is always at the forefront of my design , and I strive to deliver intuitive and engaging interface.

Though I am currently a fresher , my education and practical experience have equipped me with a strong foundation to excel in the field. I am a problem-solver with a keen attention to detail , and I thrive in collaborative team environment.
